ProGrade™ Vinyl Paint Mask

A specially designed removable film, used in marking computer-cut stencils for painted graphics. Can be used with either sign enamels or automotive urethane paints. The yellow polymeric vinyl paint mask is easy to cut and weed, even when producing paint mask stencils with fine detail. ProGrade™ paint mask features a user-friendly adhesive system, which is easy to transfer from the release liner, easy to apply, and easy to remove. ProGrade™ paint mask removes cleanly from most factory paint surfaces without leaving any adhesive residue or other surface contamination. This product also withstands bake cycles up to +200°F.

FREE FREIGHT on Avery orders over \$150.00

Promotional-grade special effects vinyl. Specially suited to satisfy a sign maker's needs. 3.0 mil. metalized PVC film with clear permanent adhesive with 78# kraft liner.

- Acrylic-based adhesive is easier to handle during application....easier to remove during de-identification.
- Printable by screen print, thermal transfer, solvent ink jet, hot foil stamping, flexographic and offset methods.
- Excellent for interior and exterior signage, visual merchandising, exhibit and display labels, POP, and labels.
- Long-term durability for most interior applications. Outdoor durability is limited to 6 to 12 months.
- 78# liner makes cutting and weeding easier.

Application Tapes and Film

Comform Series[®] with RLA[®]

An R Tape innovation..... Imitated, Never Duplicated.
Resists Tunneling, Wrinkling and Edge Curl!

- Application tapes that stick to the liner. Keeps Ready-To-Applied graphics neat and clean, projecting a professional image.
- Stacked graphics will not “dog ear” and stick together.
- Rolled graphics will not tunnel.
- Tears cleanly without stringy adhesive.
- User-friendly handling...tape pulls apart cleanly if adhesive touches adhesive.
- No adhesive build to vinyl during prolonged storage.

- Specially-formulated ultra-low tack adhesive for easy removal after installation
- Provides affordable print protection to avoid costly rework
- Extra thick DigiMask Plus makes handling large graphics easier
- DigiMask Clear allows inspection of prints and precise registration of the graphic panel during installation
- DigiMask & DigiMask Plus products feature Conform RLA to reduce the risk of tunneling and edge lifting.

Application Tapes and Film

Clear Conform™ AT-42RLA®

The original clear application film with RLA®
Release Liner Adhesion.

- Sticks to slick silicone release liners so graphics stay cleaner, neater and more professional looking.
- When graphics are properly rolled, Clear Conform lays flat with no tunneling, wrinkling or edge curling.
- New rigid polypropylene face stock prevents misregistration of graphics.
- Very low static, so clear Conform won't attract the vinyl graphics during lamination causing a costly mishap.
- Embossed EZ-Tear face stock rips in a straight line.
- Good clarity helps installers register graphics during applications.

Your Graphics Department

Lightning fast wholesale graphics and services at your fingertips!

Yes! It's called Your graphics department for a good reason. Not only is EMC dedicated in providing you quality sign supplies, we also provide for you top notch graphic services.

Just like our sign supplies, we have a wide variety of services available to allow you to expand on your capabilities, without the need to purchase expensive equipment, hire expensive personnel to run the equipment, and have to stock inventory for all the expensive equipment & personnel. Since we already have all the "stock", our costs are lower and that translates into lower costs for you. Lower cost to you means you can still make good profit, without the hassle of spending the time & energy it takes to produce the job. We have a professional team dedicated to providing you with quality graphics & services with pristine attention to detail.

Need something right away? EMC knows all about the word "RUSH". We know some customers take a long time to decide what they want, but when the decision is made, the next question is "When can I have it"? That's where we come in. Most jobs can be completed within a few days. You can rest assured though, when you say go, we kick into high gear, and GO!

Custom Vinyl Lettering & Graphics

We can provide custom vinyl lettering, logos, and graphic layouts with our 48" wide high speed plotters and our thermal and steel rule die cutting presses. Large quantity runs are our specialty. Call us today and see how we can be an extension of YOUR graphics department allowing you to save time and money.

Your Graphics Department

Solvent InkJet Printing

Have a need for printed graphics, well look no further. We can provide you high quality prints with our Mimaki JV3-160S Solvent Ink Jet Printer.

We use a variety of top name brand films and use Triangle Inks to produce some of the most colorful, vibrant prints you can get your hands on. We can print on a variety of materials including intermediate and high performance vinyls, vinyls with Avery EZ Apply™ for ease of application, perforated window films, floor graphic films, translucent and reflective vinyls along with an extensive selection of banner materials. We can also print on R Tape Vinyl EFX speciality films for that holographic effect to your prints.

Is it real or is it digital ???

Our Laminating Services

Complete laminating services are available upon request

. We have quite the selection of laminates to work with. Your choice of cast or calendered, in several different sheens from high gloss, matte, satin or luster. We also have several specialty laminates like mar-resist films to reduce glare and give it that "rich" look to floor graphic slip resistant laminates to clear polyester laminates for perforated window film. We have the laminating process covered.

Quality Custom Vinyl installation

The prints we produce are good for 3 years without a laminate and up to 5 years with laminate. For vehicle graphics and other graphics that will be subject to high traffic or abrasion laminating is strongly recommended. Our hot laminator produces excellent bonding & makes colors POP! We all know high resolution digital images produce the best prints, but most of files are too big for e-mail, so EMC has set-up and FTP site for you to access and download the humongous files that need to be printed.

Call customer service to get the FTP user name and password.

Your Graphics Department

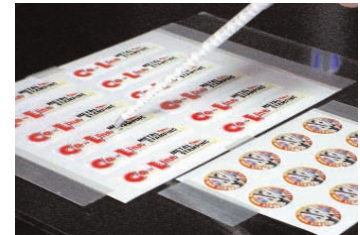

Thermal Transfer Printing:

We also have Roland PC-600 for all your thermal printing needs. This is great for smaller decals and short runs. All graphics can be printed and cut to shape. We can also print on a variety of materials with this printer. Laminating is recommended for vehicle and high traffic area prints.

Doming Services:

Provide your customers with three dimensional decals and vehicle lettering with our urethane doming services.

Screen Printing Services:

For those high volume jobs or jobs that need to be printed direct to substrates give us a call as we can provide you with a variety of screen printing services at competitive prices..

Quality Custom Vinyl Installation:

If you need a hand with custom design work, custom banners, large graphic job in-house or on-site installation services, give us a call and we can help you accomplish more and never have to turn a customer away because you are too busy!

A Word On Sending Digital Print Files . . .

Garbage In, Garbage Out, it has a significant meaning in the world of digital printing. All those nice looking prints you see on the sides of vehicles, at the trade shows, etc. need to be a certain way for it to look the way it does. If you zoom in on an image, and you can see the fuzzies, stair casing, the bitmap squares, or other imperfections, they will come out like that on the actual print. Taking a raster image off the web (usually 1-2" total size at 72dpi) is not the best for blowing up and printing.

Here are a few pointers that I have found through experience that will make your creations & photos the best they can be. . . as well as provide you with timely service.

Vector Images:

Vector images should be set up in a CMYK platform, using PMS colors when possible. This format reads best in the ripping program, and colors will be closest to where they need to be. These types of files are great if any changes are to be made with the colors. I can select stuff in this format to re-arrange, enlarge or decrease certain items, change type, etc. if need be.

Fonts:

Please convert all fonts to curves. Numerous times I have had files sent to me where I didn't have the correct font, and it held up the production process. Sending a PDF of the file to be produced isn't a bad idea either. I might HAVE the font, but every program calls Helvetica a different name. If I can see the finalized image, I can substitute the correct font and this won't halt production.

Bitmap Images:

¼ of the size at 300dpi is what I tell everyone, and it comes out pretty good. TIF files are the best, but the other ones work well too. I change the files over to TIFs anyway before I send them to print. If you are taking a picture with a digital camera, make sure it's on the highest quality setting. You might not get as many on the memory card, but the bigger it is, the better.

Proofs:

If you need a proof, one can be provided upon request. You will be charged a fee for this proof. If Earl Mich Company gets to produce the job, we will credit you the cost of the proof. Proofs are recommended for jobs that need to match colors exact, as a lot of times what your printer produced and you show to your customer will not always match what is generated by our printing process.

More Great Services

Speedy Thermal & Steel Rule Die Cutting

This service is excellent for those very large quantities of small decals and individual letters & numbers. Keep your equipment and employees free to produce more creative and profitable graphics.

Masking / Slitting / Rewinding

- We will slit your material up to 60" wide to any widths you need between 1/8" to 60". Prices are for 50 yard rolls, large rolls can be slit at slightly higher prices.
- We will make up to 4 cuts per roll for \$12.00
- Multiple cuts (5 or more) are available at slightly higher costs.
- All material must be supplied on 3" diameter cores or rewind charges apply.
- Quantity discounts are available.
- We can also premask your vinyl rolls for ease in application and protection from scratches.

Substrate Slitting

We now offer custom slitting of different substrates. We can cut your full size sheets to whatever size you need for the job. We can slit Sintra™, PVC, plexiglas™, polystyrene, fiber boards, MDO boards, coroplast™, foam boards and many other substrates. Call our customer service department for pricing or to see if we can cut a particular substrate.

Custom Roll Striping

In addition to our many different standard striping products, there are many roll sizes, materials, colors and configurations that may be ordered on a custom basis. Multi-colored combination stripes, either butted, overlaid or with voids between colors are available on a common liner. The possibilities are virtually endless. Please call us the next time you have the need for a special striping configuration. Our customer service department will help you determine the best way to do it and the most cost effective process.

Computer Hole Punching

We will punch and edge strip you material for computer driven plotters. All material must be supplied on a 3" diameter core, or rewind charge applies. Non-edge strip also available please specify.

Pinstriping Supplies

Longliner Series Brushes

The Longliner is a personal favorite of Steve's considering that he is not known for his straight line work. He enjoys the irony. The unique design of the combination synthetic and natural fibers enhance the flow of palletted paints with great control and length of line. Currently available in 5 sizes.

Size	Price
00000,000,00,0,1	\$14.39

Scriptliners Series Brushes

This long-awaited addition to our line of brushes will be of great use to anyone using sign enamels. From small design work to script lettering to signatures and artwork, these Scriptlines will live up to the Kafka name. Brushes are made of a combination of synthetic and natural fibers for durability.

Size	Price
00000,00,0,1,2,4	\$7.60
Set of all 6	\$37.99

Cup Holder

The-Reasonably-Difficult-to-Break Cup Holder. The name says it all. This stylish, durable cup holder holds four paint cups at a slight angle so you don't have to.

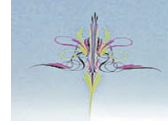

Price
\$11.40

Paint Bottle

These Squeeze bottles are used for easy access to lettering and pinstriping enamels. They eliminate the need to remove skins for painting access. Kafka paint bottles have the self cleaning, large opening screw on top and come with an agitator "orb" to shake up contents.

Available in 4oz. and 8oz. bottles
54

4 oz.	8 oz.
\$1.50 ea.	\$2.00 ea.

Signature Series Scrolling Stripers

These brushes were designed to turn corners with ease, do design work without flareout and flow striping enamels like no other brush!

Size	Price
#0,#1,#3,#5,#6	\$11.42

Brush Oil

This brush oil is made from the finest ingredients available and specially scented with patchouli. It will keep and preserve your brushed better than anything you ever used.

4 oz.	16 oz.
\$5.70 ea.	\$11.40 ea.

Universal Compass

Price
\$5.13 ea.

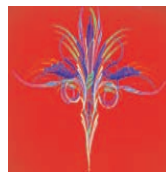

If you will ever need to draw a perfect circle this Staedtler compass accepts the Omnicrom perfectly and is extremely well made. I've got one in my paint box..

Paint Strainers

Pinstriping and lettering enamel strainers are large enough to allow flow & small enough to filter those nerve wracking globs that are so time consuming to remove. Used by Kafka and his friends for over 20 years. They come in a re-usable button tie black envelope.

50 pack
\$11.40 ea.

Paint Bottle Holder

These squeeze bottle holders are virtually unbreakable and match our cup holders. Great for organizing all the colors you intend on using. Just a good, workable bottle holder.

10 Hole.	13 Hole	23 Hole
\$20.00 ea.	\$26.00 ea.	\$46.00 ea.

Pinstriping Supplies

Color Wheel

This is the best color mix wheel I've seen yet. If you're not quite sure this will reassure you quickly.

Price
\$4.18 ea.

Staedtler Omnichrom Pencils

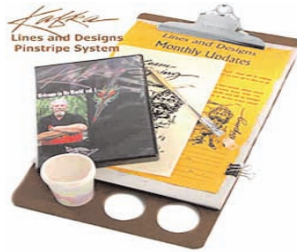

Create your Design with this pencil before using your brush. Once happy with design you can stripe right over your drawing. These "write on anything" pencils are a must. They leave no residue, no ghosts, and will not melt!

Colors available White, Red, Blue, Black, Yellow, Green.

Price	Dozen
\$1.25 ea.	\$12.50

Steve Kafka Lines and Designs Pinstripe System

Steve designed the easy to follow teaching system to help the beginner or seasoned striper learn to use his innovative kafka striping brushes. Includes the "Welcome to my world DVD, 30 pages of original designs, 50 transparencies to use over designs and paperback guide, along with #3 Kafka striping brush, mixing stick, cup and clip board.

Price
\$80.99 ea.

Steve Kafka's Welcome to my World DVD Vol. 1

Get inspired as Steve's step by step 76 minute DVD makes artistic designs easier than ever. Learn the techniques that helped Steve become a master of Design and color.

Price
\$35.99 ea.

Kafka Unchained, Vol 1

This Unchained, Volume 1 CD-ROM contains 512 images of incredibly diversified originals by Steve Kafka. Steve predicts that sign shops, screen printers, and custom paint shops will be inspired to create beautiful designs from a totally new foundation of ideas. The vinyl graphics shops will be excited with the availability of such a varied offering to a fast moving, demanding clientele.

Price
\$99.95 ea.

SIGN PANELS

DesignBoard

Design Board

Tough, weather-resistant HDU Design Board is a lightweight, High density polyurethane board(HDU). Its closed cell structure makes it completely waterproof, allowing for the application of almost any finish. Ideal for the sign industry

- Available in 10,15 and 18pcf(pounds per cubic foot).
- Moisture and insect resistant.
- Extremely durable for exterior use.
- Resistant to cracking, warp, decay and rot.
- Easy to prime and finish.
- Machines easily with conventional woodworking and carving chisels.

15 lb Density	Each	5+
4' x 8' x 3/4"	\$172.94	\$167.75

DesignBoard

Design Cap Finials

Made of solid HDU they will not rot, decay, or crack. They are primed, sanded and ready for painting. All caps come with a 3/16" lag screw. Lightweight and very durable. Sized to fit nominal 4x4 and 6x6 posts. Available in 3 different styles.

Sign Cees

A Sign Cee is a "C" shaped wire fastener that grips around a pole to hold your corrugated plastic sign firmly in place. Sign Cees require NO TOOLS for installation, just strap it, squeeze it, then stick it. Sign Cees are an affordable way to put up your corrugated plastic sign in highly visible traffic areas. There's a Sign Cee to fit almost any kind of pole. To use Sign Cees you need a corrugated sign with "Vertical Flutes". Strap a Sign Cee around a pole and insert wire stakes into the signs "Vertical Flutes": Your sign is up in a snap!

"Measure it"

"Strap it"

"Squeeze it"

"Stick it"

S54

Fits any 2" x 2": square pole such as Stop Signs, No Parking Sign, Traffic Signs, etc.

S80

Fits any 3" wide "U" shaped poles such as Traffic Signs, Parking Signs, Speed Limit Signs, etc.

R140

Fits any 4" to 5" round pole such as crosswalk poles with or without traffic lights, parking lot light poles, etc.

Digital Measuring System

Introducing the Sticky Yard Digital Measuring System: a revolutionary new way to take measurements of your project directly from a digital photo. Using this system you can take measurements of any object quickly and easily using only a digital photo, your computer and the Sticky Yard Measuring Software.

HOW DOES IT WORK?? THE AMAZING STICKY YARD DIGITAL MEASURING SYSTEM

STICK IT ON

Using either the magnetic or adhesive adhesive Sticky Yard™, stick it on almost any object. A vehicle, a window, a sign, a wall, a boat...

TAKE A PHOTO

Then grab a digital camera and take a photo of the object with the Sticky Yard™ on it. For best results, stand perpendicular to the object, and take the photo at the highest resolution possible.

DOWNLOAD IT

Later on, download the photo onto your computer and bring it up in the Sticky Yard™ Digital Measuring System™ software.

HERE'S THE REALLY COOL PART...

With a few clicks of your mouse, you can measure any part of the object right from the photograph!

ZOOM & SCALE

First zoom in on the Sticky Yard™, then click on each end of the Sticky Yard™ to scale the image.

NOW YOU'RE READY TO MEASURE!

TAKE MEASUREMENTS

Click on one end of the measurement you want to take, and then the other end. The Sticky Yard™ Digital Measuring System™ software draws the lines and stamps the measurements right on the image.

SAVE, PRINT, OR EMAIL

Save the image and send it. Print the image and bring it to your project folder.

IT'S JUST THAT SIMPLE.

IT'S SO EASY IT'S AMAZING!

Car Wrap Products

Ultimate Wrap Care Kit

The wrap care kit will extend the life of your full wrap or any vinyl graphics as it includes the newest technology for taking care of your graphics.

Include a kit with all your wrap jobs.

1 Micro-Fiber Applicator	Unit	Case
1 Micro-Fiber Mitt	\$21.85	\$245.00
1 Micro-Fiber Cloth		
1-8oz. Bottle of Wrap Wash		
1-4oz. Bottle of Wrap Polish		

Wrap Polish

Wrap polish protects new wraps. It restores original luster to time-dulled finishes, removes light scratches, repairs minor clear coat damage, and blocks close to 100% of UV rays. It gently removes oxidation and pollution, then protects against the harshest of elements. Wrap Polish will not chip, crack, or turn yellow.

8oz. Bottle	24-8oz Bottles
\$17.86	\$400.00

Wrap Wash

Wrap Wash is safe to use on all wrapped vehicles. It removes tough road film, oil, soot, dirt, and residue easily. Wrap Wash can be used for prep and maintenance. It does not require wetting the vehicle first, meaning you save time and money.

Quarts	Case of 12 Quarts
\$7.59	\$85.00

Vinyl -Off 10-4

Vinyl-Off 10-4 is designed to remove vinyl safely and quickly. Just wipe it on and softer a couple of minutes you are ready to peel off the vinyl and adhesive in one step! Reduces your labor by Hours! It is also environmentally safe. It's biodegradable, non-flammable, and water soluble.

Ultimate Glass Cleaner

Ultra glass cleaner is far superior to off-the-shelf products in that it is formulated to quickly and efficiently remove dirt, grime, and bug residue. It does not streak, reduces glare and will not harm wiper blades, weather seals or OEM window tinting.

16oz. Bottle	Gallon Bottle	16-16oz Bottles	4-1 Gallon Bottles
\$7.59	\$15.19	\$110.00	\$55.00

RollePro makes applying vinyl over rivets, contours, even door handles and side moldings quicker and easier!!! Its design brings comfort and speed to a once time consuming application process and lengthy vehicle wraps. Save time and money with this amazing tool!!!

Sign Maker's Panel Saws

Sign shops cut a variety of materials, so we created our Sign Maker's Panel Saws to fit your specialized needs. You no longer need to buy a panel saw and a mat cutter: you can have both in one machine.

Compact 52
\$1899

**Shown with optional full mid-fence*

Perfect for space restricted shops or to take to the jobsite. You will have all the capabilities of a larger panel saw packed into a smaller, space efficient frame. This machine is expandable in both width and height, which means that this saw can change with your needs.

Fullsize 64
\$2699

**Shown with optional full mid fence, extra bearings & dual rip gauge*

Have a little more space? This machine will handle a 5' x 10' sheet with no problem. Its 10' fully welded frame and 18 material rollers provide full support.

Advantages

Knife Cutter

- Does not require backer board
- Our knife cross cuts and **RIP cuts**.
- Knife blade retracts for safe removal

3 h. p. 15 amp. Porter Cable saw

- Carbide Tip saw blade
- Able to view saw blade, align with cut mark
- Saw Blade is guarded when saw is off machine
- Uses low cost 7/4" saw blades, found everywhere
- Tool-less saw blade changes
- Blade/arbor lock for easy saw blade changes
- Able to score material by changing the depth of cut of saw blade,
- Able to bevel cut material by changing blade angle

Dust Collection with Hose

Folding Stand/Wheels

- Our folding stand folds from the front like a ladder.
- Our folding stand only needs one person to fold not two people.
- Our folding stand has no holes to align or pins to drop or lose.
- Our stand comes with wheels for the frame for easy movement.
- Our stand is more than a couple pieces of angle iron "U" bolted to a frame.
- Our frame wheels are larger 5" wheels for easy movement and are **not** supporting the machine while it is in use, so our panel saw won't roll away on you.

Spring Hold Down for holding thin sheets in place
Stop, Bar and Measuring Tapes

Features

- Rip cut in either direction
- +/- .0156 with optional second set of bearings
- Can use floating router or knife in same carriage
- Bevel cut up to 45 degrees
- Score or vary depth of cut of saw
- 2 carriage locks ensure no play when ripping or routing
- Easily expandable frame width and height
- More material support rollers than comparable machines
- Never goes out of square**, Accu-Square® adjustment locks in place
- Material rollers can be raised so cuts can be started from the bottom to prevent shattering thin plastics

Accessories

- Dual Rip Gauge
- Spinning Saw Insert
- Mid Fence
- Premium Dust collection

DC16- Digital Combo 14 x 16

The Digital Combo is a multipurpose swing-away heat press. This fully digital 14"x16" swing-away press boasts all of the digital features of the DK20S digital swinger. This includes Digital Temperature, Time, and a Digital Pressure/Height gauge, as well as programmable presets, user definable alarms and a host of other digital features.

DC-Cap Cap Attachment

Caps are flawlessly printed with a curved heater block and curved bottom form with a special cap stretching device. Optional interchangeable bottom forms available.

DC-Mug Mug Attachment

The 1/2-mug attachment for the Digital Combo allows the imprinting of mugs 1 side at a time. With dye sublimation transfers, full wrap images can be perfectly applied in multiple pressings

DC-Plate Plate Attachment

The plate die platens feature quickly interchangeable components for allowing the circular heating element to press inside ceramic plates. Also included is a template tray and pad for centering the plate.

DC-Cube Cube Attachment

Memo cubes are properly clamped and pressed in the cube fixture. Images are successfully pressed around the cubes' sides for a continuous image wrap.

Terms

April 2008

EARL MICH COMPANY has been the leader in die-cut letters & numbers since 1930. We have been producing prespaced lettering & graphics since the early 1980's. Our venture into converting and distributing quality vinyl and vinyl supplies began in 1990. We have always offered competitive pricing and in most cases **SAME DAY SERVICE!**

TERMS: Orders can be prepaid using Visa, MasterCard, American Express, Discover Card, Pay-Pal or a company check. We do not accept personal checks.

COD'S: We can ship orders C.O.D. which can be paid with company check, certified check or money order. There is a additional \$9.00 charge per order for this service.

OPEN ACCOUNTS: Accounts are established by approval of the Earl Mich Company credit department after receipt of a signed Earl Mich credit application. Our terms are 1% 10 net 30. Past due accounts are subjected to a 1.5% monthly service.

RETURNED CHECKS: Checks returned to us for any reason are subject to \$30.00 bank charge.

SHIPPING: All orders are shipped via GROUND UPS unless otherwise instructed. Larger orders will be shipped local motor freight. We pay shipping charges on materials as noted. All other products are shipped F.O.B our WOOD DALE PLANT unless otherwise indicated. *Free local delivery* also available, Call for details.

REFUSED SHIPMENT/CANCELLED ORDERS: Customers are responsible for any orders shipped COD and refused, and for any work completed before notification of cancellation.

RETURN POLICY: No material will be accepted for return, exchange, or refund without a RETURN MATERIALS AUTHORIZATION NUMBER (RMA). All materials are warranted free from defects and user shall determine suitability of use before purchasing. Stock material may be returned for credit, for legitimate reason (EMC reserves the right to determine) and a nominal re-stock fee (determined by EMC) will be charged. All materials must be returned within 30 days. No returns allowed on closeout, seconds or discontinued items for any reason.

TOLL FREE ORDERING: Orders can be placed with our customer service department by calling 1-800/MICH-USA (800-624-4272) or fax 24 hrs. a day to 1-877-FAX MICH (1-877-329-6424) Most orders received by 2:00 PM C.S.T. time & stock permitting, will be shipped the same day, exceptions can be made, call customer service for details.

ONLINE ORDERING: Log on to www.earlmich.com to place your order on line 24 hrs. a day or visit our e-bay store.

RUSH ORDERS: Rush orders are available, please check with customer service with your requirements and our fee schedule.

MINIMUM Order: \$25.00

QUANTITY DISCOUNTS: Special contract and additional quantity discounts are available, please check with customer service to see if you may qualify.

SHORTAGES/DAMAGES/ERRORS: Please report any shortages or errors to us WITHIN 7 DAYS, otherwise shipment will be regarded as complete. Please report any damages to the delivery carrier at the time of delivery. All goods leave EMC FACTORY packaged properly, and in excellent shape.

NEW PRODUCTS/PRODUCTS NOT LISTED: In order to offer you the most complete selections of materials and colors, we are always updating and adding new colors & product lines. If you do not see what you are looking for, please ask customer service, because we cannot possibly stock or list all offerings, sizes and colors of the different products available. Let us know what you need and we will do whatever we can to get it.

SPLICES: Can occur during the manufacturing process, if they occur they will be clearly marked and at least two additional feet are added to the roll. Most 50 yard rolls will have a maximum of one splice, except reflective and other specialty products. Call for additional info.

SPECIAL ORDERS/DROP SHIP ITEMS - These items may not be cancelled or returned if the items are in accordance with original order. Some manufacturers require a \$10.00 to \$30.00 handling fee for drop-ship items.

WARRANTY: EARL MICH CO. EMC products are sold with the understanding that the buyer will test them in actual use and determine for himself the adaptability to his intended uses. EARL MICH CO. EMC warrants the buyer that our products are free from defects in material and workmanship, but limits its obligation under this warranty to replacement of the product only. The warranty is in lieu of any other warranty expressed or implied. Under no circumstances will EARL MICH CO. EMC be liable for any loss, damage, expense or consequential damages of any kind arising out of the use or inability to use EARL MICH CO. products.
